Medical Jurisprudence

lets understand it...

Whenever there occurs...

1. Injury.
2. Death.
3. Assault.
4. Poisoning.
5. Road accident.
6. Rape case.
7. Medical Negligence.
8. Suspicious death.

Three systems become ONE...

1. Doctor...
2. The Police...
3. and Judiciary.

Medical Jurisprudence

‘its the bridge that connects all three.’

the application of medical knowledge to law and justice

Role & Responsibility

Doctors / Police / Judiciary

Role of Doctor

- Register MLC.
- Thorough Examination
- Clear Documentation.
- Evidence Preservation.
- Give opinion.

If it is not written...
it does not
exist in court

Role of Police

- Prompt requisition.
- Maintain – Custody chain.
- Coordinate with doctor.
- Preserve Evidence integrity.

A broken chain of
custody can break the
entire case.

Role of Magistrate

- Interpret medical evidence.
- Identify inconsistencies.
- Ensure justice based on facts

The court depends
heavily on clarity...
not complexity

Medical Jurisprudence - Doctors

Medical Jurisprudence protects...

- the patient,
- the doctor,
- and the hospital.

It teaches...

1. Proper Documentation.
2. Consent.
3. Injury Certification.
4. MLC handling.
5. Death Certification.
6. Negligence Prevention.
7. Legal duties.

Medical Jurisprudence - Police

Helps

- Prove or Disprove allegations.
- Understand injuries.
- Establish Timelines.
- Connect Evidence.
- Determine whether statement matches medical findings.

Medical Jurisprudence - **Judiciary**

Medical Jurisprudence helps:

- Interpret Medical Evidence.
 - Understand Expert Opinion.
 - Evaluate injury reports.
 - Differentiate facts from assumptions.
- and**
- Arrive Closer to Justice.
